

Chorus

In December, Mr. Carey organized a field study at the Clyde E. Lassen State Veterans' Nursing Home. This facility provides skilled nursing care and the highest quality of life and medical care to its veteran residents. Students in Chorus 1 and II, created a special holiday performance to honor those who have served in the United States Armed Forces. Both groups performed several selections, which brought holiday cheer to the residence.

Dreams Come True relies on the support of individuals, groups, companies and schools to help us fulfill the dreams of children battling life-threatening illnesses. Our Wildcats are hosted our annual "Holiday Hat Day" fundraiser. This took place on December 19, 2017. Students raised over \$100.00 donation to Dreams Come True. Our current endeavor is a candy fundraiser that will conclude on January 26th. With your help, every ill child in our community will continue to experience the hope and joy of a dream come true.
