Schoology Assessments

Schoology's new assessments are ready to go. Beginning on October 28th, the *add assessment* option will be available in your *add materials* dropdown. The new assessment tool will offer both the standard question styles (available in test/quiz) as well as new enhanced options(only available in assessments). You will continue to have access to both options from your materials folder but the enhanced questions will only be available in the assessment option. To learn more about the new assessment tool,

eSchool Integration

A great feature of Schoology is its integration with eSchool. This allows assignments that are graded in Schoology to connect to your eSchool gradebook. Please visit our support page to learn more about this feature.

Important

If you edit an assignment/student score in eSchool, this will override the score in Schoology, and cut off integration for that assignment. That assignment will no longer sync to eSchool. If you need to make any changes, make them in your Schoology gradebook. This will ensure a successful sync with eSchool.
