4. New PBIS /Students Reward System.

The system’s benefits were explained to the committee. PBMS has 1141 students that have never had a referral and we need to give recognition to these students. The software acquisition allows all of the staff to easily contribute to reward student behavior and each staff person can see track

records of all of the students at the school. The software simplifies the reward process and keeps records for all. The school store will be reopened for the new process in January.

5. Textbook adoption/math. Ms. Harding is looking for parents to volunteer in the book selection process. The process legally requires parents to be involved for transparency and assistance evaluating the textbook to be selected.

6. Public Comment:

Subject Addressed: Permission slip for transfer out of PE.

Revision of Quarantine policy to see if guidelines are distributed equally.

Racial slurs/name calling needs to be addressed.

7. Meeting Adjourned at 3:07
